## **PANTONE PLUS Formula Guide Solid coated & uncoated**

The "Must Have" Guides for Designers, Printers and Color Decision Makers.

These new PLUS SERIES FORMULA GUIDES are the updated versions of the indispensable PANTONE MATCHING SYSTEM® tools for selecting, specifying and matching solid PANTONE Colors.

Graphic designers, pre-press professionals and printers now have 1,341 color choices - all of the current PANTONE MATCHING SYSTEM Colors plus 224 new, market-proven hues - in a new chromatic arrangement.

Ink formulations are provided to aid printers in mixing colors. Includes color index, lighting evaluation tool and design software. Set of two guides, coated and uncoated.

### **Features:**

- 1,341 solid PANTONE Colors, including 14 base colors
- Chromatically arranged fan format
- Text-weight, FSC-compliant paper
- PANTONE COLOR MANAGER Software for updating PANTONE Colors in popular design applications
- Ink mixing formulas in parts
- Color locator index
- Each color identified with a distinct PANTONE Number or name
- Colors bleed for ease and accuracy in checking colors
- Includes ColorChecker® Lighting Indicator to aid in lighting evaluation

### **Benefits:**

- Broad selection of market-driven colors, for practically unlimited creativity
- Chromatic format makes color selection more intuitive
- Substrate paper stock matches popular print specifications and is environmentally sensitive
- Compatible with today's digital workflows - colors easily updated in leading design applications
- All new solid colors are created using the existing 14 PANTONE MATCHING SYSTEM Basic Color Inks - no new equipment or training is necessary
- All new colors are printed using a uniform ink film thickness making them easily matched on press
- Eliminates guesswork in color selection and verification
- Easy to communicate colors by distinct number or name
- Shows the effect of coated and uncoated stocks on each color
- Included lighting indicator tool determines if lighting conditions are suitable for accurate color selection and matching
- Included color-correction tool enables easy color balancing and creative control of digital images
- System supported by worldwide network of PANTONE Licensees
